

DUMP MY JUNK LLC

Environmental Services & Waste Management Solutions

CAPABILITY STATEMENT

CORE COMPETENCIES

Dump My Junk LLC provides comprehensive environmental services and waste management solutions tailored to meet government agencies' specific operational requirements. We specialize in rapid response cleanup services, regulatory compliance, and site restoration to support government facilities and public safety initiatives.

• Comprehensive Waste Collection & Disposal

Solid waste collection, hazardous waste treatment, and specialized disposal services ensuring full environmental compliance and regulatory adherence.

• Homeless Encampment Cleanup

Specialized cleanup and remediation of homeless encampments including biohazard cleanup, waste removal, and complete site restoration for public safety.

• Environmental Remediation Services

Site assessment, contamination cleanup, and environmental restoration services for government facilities and public properties.

• Construction Site Preparation

Site preparation, debris removal, and ground preparation services for government construction and infrastructure projects.

• Roofing Cleanup Services

Professional post-roofing cleanup, debris removal, and site restoration services for government facilities and residential properties.

• Landscaping & Grounds Maintenance

Professional landscaping services, grounds maintenance, and facility beautification for government properties and public spaces.

Past Performance

Homeless Encampment Cleanup – Tampa: 2-week project performing non-hazardous material removal, debris disposal, and site restoration for multiple homeless encampments. Completed on time and within budget, meeting all safety and environmental requirements while restoring public spaces to safe, sanitary conditions.

Multi Mobile Home Removal – Hurricane Damage Response: 3-week contract removing multiple hurricane-damaged mobile homes under strict safety, environmental, and disposal regulations. Coordinated demolition, hazardous material handling, and debris segregation in compliance with local and state requirements. Completed ahead of schedule with zero safety incidents.

Construction Post Clean-Up – Private Contractor: 1-day full site clean-up following residential construction, including debris removal, dust control, and final detailing for occupancy readiness. Completed in under 8 hours with zero safety incidents and 100% client satisfaction.

Key Differentiators

Rapid Response Capability: 24/7 emergency response for urgent cleanup situations with fully equipped teams ready for immediate deployment.

Specialized Expertise: Proven experience in sensitive cleanup operations including homeless encampments, requiring discretion, safety protocols, and community awareness.

Local Tampa Market Knowledge: Based in Tampa, Florida with deep understanding of local regulations, disposal requirements, and rapid access to government facilities.

Full-Service Approach: Complete project management from initial assessment through final site restoration, eliminating the need for multiple contractors.

Safety & Compliance Focus: Rigorous safety protocols, proper certifications, and commitment to environmental regulations protecting government agencies from liability.
